

CITY TRUSTEES HOLD ACTIVE SESSION

RESIGNATION OF CITY CLERK SMITH IS TABLED; NEW ORDINANCE INTRODUCED; BOND ISSUES DISCUSSED.

At the regular meeting of the Board of Trustees on Monday a prospectus from the Gamewell Fire Alarm Telegraph Company was read. The summary outlined the proposed fire alarm system which is to be installed, provisional to the passage of the forthcoming bond issue, for which an election will be called about the first of May. The fire alarm system provides for the location of nineteen alarm boxes in various parts of the residential and factory districts, the placing of a 12-inch diaphonous fire whistle, an alarm gong in the pump house and a special fire alarm signal in the home of Fire Chief Truax. The system, furnishing a complete fire alarm system, will cost in the neighborhood of \$10,000.

Smith Resigns.

City Clerk William J. Smith presented his resignation to the Board of Trustees following its reading. Trustee J. H. Kelley moved for its acceptance. Previous to a seconding of the motion, City Attorney Coleberd stated to the board the wisdom of retaining the present City Clerk in office temporarily because of his familiarity with the work necessary to preparation of a bond election and issue.

Trustee Healy then amended his original motion and moved to table the resignation of the City Clerk, to be acted on at some future date. Carried.

Health Officer Dr. J. C. McGovern reported six cases of influenza in the city during the month of February. The report of the Health Officer also outlined activities for the improving of sanitary conditions in certain hotels, this work being done by instructions from the State Board of Health.

An ordinance, providing for the wiring of all buildings in accordance with the most recent regulations of the Fire Underwriters, was introduced and given its first reading. The ordinance further provides for the appointment of an electrical inspector for the city. No applications for the position were read.

An ordinance giving to the county the use of the extension of the Mission road at the intersection of lower Grand avenue was given its first reading.

Endorse Senate Bill.

A resolution endorsing Senate Bill No. 105, which provides for an appropriation of \$50,000 for the leveling of Hunters Point and reclaiming the adjacent tide lands, was introduced by Trustee F. A. Cunningham and passed by the board. The bill provides for the appointment of County Surveyor George A. Kneese as one of the staff who will have direction of the work in the event of the passage of the legislation.

BOY HAS NARROW ESCAPE IN AUTOMOBILE COLLISION

The young Bertucelli boy had a narrow escape from what might have proved a serious accident when a delivery truck and automobile collided on Monday at the corner of Baden and Linden avenues. The youngster was thrown heavily to the sidewalk and Al Eschelbach rushed him to the South San Francisco Hospital, where an examination disclosed that he had sustained only a few minor bruises.

ADDRESS FORCEFUL

The members of the Woman's Club who faced the inclement weather of Thursday, which deterred a number of the members from attending the address on "Naturalization and Americanism" by Miss Mosgrove, were well repaid.

Miss Mosgrove's talk was forceful and direct. The speaker made no attempt at brilliancy, but impressed her hearers as being a woman with a wide range of ideas who had given careful and thorough study to her subject. The impetus given to the work by Miss Mosgrove is already bearing fruit and a meeting will be held at the High School Auditorium, under the auspices of the Woman's Club, some time in the early part of April for the purpose of formulating plans for the campaign of Americanizing all aliens, in conformity with the movement now being fostered by the United States government.

Considerable work was done by members of the club during the meeting sewing garments for the Belgians.

MODERN RAFFLES AT WORK ON PENINSULA

POLICE ON LOOKOUT FOR GENTLEMAN DAYLIGHT BURGLAR WHO HAS RIFLED MANY HOMES

Police of the peninsula and San Francisco are keeping a sharp lookout for the gentleman burglar who has been rifling San Mateo, Burlingame and Hillsborough homes, and it is expected that his capture is certain.

The thief, according to reports, is a modern Raffles and a rival of Arsene Lupin. Affability, geniality, a glittering smile made noticeable by prominent gold teeth, are some of his characteristics.

His burglarizing methods are unique. He stands on the street corner and waits for the housewife to go to town. Then he effects an entrance and leisurely ransacks every room in the house.

Following is his full description, as supplied by a reliable informant. Be on the lookout for him:

Height 5 feet 4 or 5 inches.
Weights 145 or 150 pounds.
About 50 years old.
Has prominent gold teeth, which show through his constant smile.
Cheek bones prominent and sunken cheeks.
He wears a pepper-gray or other soft suit.
And a cap or small round hat.
He walks flat-footed.
He has a slight German accent.
He is an ex-convict.

NEW PAYMASTER AT SCHAW-BATCHER PLANT

Announcement is made by the Schaw-Batcher Company of the appointment of J. W. Mills as paymaster to succeed William F. Morton, who resigns on account of ill health. Morton has served the organization as paymaster for the past fifteen months. Following a well-earned and needed rest, Morton will again follow up his line of work in other fields.

Mrs. Langenbach on Thursday evening entertained a party at whist at her Grand avenue home.

HUNTERS POINT PROPOSAL STALLED

SAN FRANCISCO CHAMBER OF COMMERCE IS ACCUSED OF BLOCKING BIG RECLAMATION PROJECT.

The feud between the Chamber of Commerce and the Civic League of Improvement Clubs of San Francisco caused a postponement of action Thursday by the joint committees upon commerce and navigation upon the proposed Hunters Point reduction and creation of industrial sites in the tidelands.

Senator J. M. Inman, chairman of the committee, threw up his hands at the close of a long debate over the propriety of the conference bill providing that the State advance \$50,000 for survey of the project.

George Skaller, representing the Civic League, declared the San Francisco Chamber of Commerce opposed the improvement because it did not originate with the chamber. No representative of the Chamber of Commerce was present. A committee of San Francisco Supervisors and interested civic organizations endorsed the movement.

Protest against the proposal was made by T. D. Andrews, a property owner, who said that he did not want a survey. Supervisor Richard J. Welch led the fight in favor of the measure. He was supported by Supervisors James E. Power and Andrew J. Gallagher. President Skaller defended the project against the attacks of Andrews. "The protests of private property owners will have very little weight with me," said Chairman Inman.

P. R. Thompson, well known here, attended the session as one of the chief sponsors of the reclamation plan.

INDUSTRIAL CLUB OFFICERS ELECTED

CHARLES GENASCI CHOSEN AS SECRETARY TO SUCCEED HORACE BEWLEY.

Charles L. Genasci was elected secretary of the Industrial Club at the regular meeting of the stockholders held on Tuesday last. Genasci succeeds Horace A. Bewley.

The former officers of the organization were elected to serve for the ensuing year. They are Dr. F. S. Dolley, president; Andrew Hynding, vice-president; Henry L. Haaker, treasurer. E. C. Peck was re-elected as a director. F. A. Cunningham was elected to succeed N. A. Becker as a member of the board.

"ISANTI" MAKES TRIP

COMPLETES JOURNEY TO AND FROM FRANCE WITHOUT MISHAP.

The United States Shipping Board Emergency Fleet Corporation reports that the steamer "Isanti," the first boat launched at the Schaw-Batcher shipyards, has successfully completed her first round trip to France and performed beautifully on every leg of the long voyage.

Keeping the home fires burning seems easier than keeping the automobile lights burning.

LEST WE FORGET

Saturday, March 15, 1919, is the final day allowed under the new Federal income tax law for the filing of income tax and profits returns, and to pay at least one-fourth of the tax due.

Collector of Internal Revenue Justus S. Wardell estimates that there are 180,000 persons in this district, which includes forty-eight counties in Northern California and the State of Nevada, affected by the individual income requirements of the new law. The Collector stated that less than one-third of these individuals had filed their returns.

With but nine working days left between now and the final day of reckoning, March 15, income returns must be made at the rate of 15,000 a day.

Failure to meet the income requirements within the allotted time means penalties, fines and imprisonment, or both.

Collector Wardell points out that the responsibility for making income tax returns rests with all unmarried individuals whose net income for 1918 was \$1000, and all married men whose income was \$2000 or over, and warns that the government will be alert for evaders.

MERCHANTS AGREE ON EARLY CLOSING

South San Francisco retail dry goods merchants have agreed to close their places of business at 8 o'clock each evening. The ruling, which was adopted last Monday after a conference, has been in effect all this week.

The stores will hereafter be open only until 8 o'clock each evening, with the exception of Saturday, when they will remain open until 10 p. m.

For the accommodation of customers, the stores will open Sunday mornings as usual.

ELKS WILL DIRECT DRIVE FOR SALVATION ARMY

Exalted Ruler Lee T. Ross of San Mateo lodge, of Elks has appointed County Tax Collector Ambrose McSweeney; Henry L. Haaker, cashier of the Bank of South San Francisco, and Thomas L. Hickey, Supervisor of the First Township, as the South San Francisco committee to direct the drive for funds for the Salvation Army.

Two thousand eight hundred and seventy dollars is the amount apportioned the county, and the drive will be made during the week commencing March 24. The county campaign is under the direction of the San Mateo Elks, which practically insures its success because of the whirlwind campaign which the organization proposes to conduct.

BEWLEY GOES EAST.

Horace A. Bewley of the Cattle Loan Company left on Wednesday for his home in Pennsylvania, where his father is reported to be dangerously ill. Bewley will probably visit New York, Boston and other Eastern cities on business for the Cattle Loan Company.

As soon as Paderewski took charge of the Polish revolution it became fortissimo.

START PROBE ON UNSANITARY HOUSING

TRUSTEES MAKE OFFICIAL TOUR OF INVESTIGATION AS RESULT OF COMPLAINTS BY A. BATTYANY.

Trustees Holston, Cunningham and Eschelbach, City Engineer George A. Kneese and Fire Marshal Ben Truax on Tuesday morning made an official tour of inspection of that section of the city known as "Irishtown," investigating sanitary conditions, fire hazards and proposed street paving and sewerage work in the district. The tour was the outcome of charges placed before the Board of Trustees by A. Battany against the unsanitary conditions of the houses owned by Trustee Healy.

Trustee Cunningham, at the meeting, recommended to the board that the weed fund now in the city treasury be used for a general clean up of vacant lots and alleys, from which all garbage, tin cans and other refuse should be removed. The suggestion, which met unanimous approval of the city fathers, was used as the opening wedge for a vituperative attack on Healy by Battany, who had brought with him to the meeting a number of Healy's tenants to verify his accusations.

Salary Attached.

Battany, who is employed as a machinist by the Pacific Coast Steel Company, declared that Healy had demanded from him a full month's rent for one day over a month in which he had lived in Healy's house, and, upon his refusal to pay it, Healy had attached his salary. Acrimonious accusations and counter-charges flew fast between them when Battany condemned the condition of the sewers in the houses owned by Healy. Trustee Eschelbach heaped coals on the fire when he accused Healy of having made misleading statements to the board when the condition of his properties were discussed at a former meeting, following the reading of a letter from Battany.

W. L. Hickey, the plumber, was dragged into the discussion when Battany stated that Hickey had refused to do any plumbing work for him because "He would never get his money from Healy." Hickey denied having made such a direct statement, claiming it was his policy to refuse to do repair work for any tenant unless he had instructions from the landlord or a guarantee that the amount of his bill would be held out of the rent.

Denies Charges.

Healy hotly denied that his places were unfit for occupancy and suggested that the Trustees make a personal investigation of them.

Chairman Holston immediately acceded to the idea and requested the other Trustees to accompany him. Tuesday's tour was the result.

Trustee Eschelbach made notes of unsanitary conditions and violations of the sewer ordinance in the houses owned by Healy, and the matter will probably come up for discussion and action at the next board meeting.

HEREAFTER CALIF. WILL BE SHORT FOR CALIFORNIA

Washington, March 6.—At the request of the Postoffice Department the geographic board has changed the official abbreviation for California from "Cal." to "Calif." The change was made because of confusion with the abbreviation for Colorado.

THIS TELLS HOW TO FIGURE INCOME TAX

**Squarely Up to Every Individual
to Get Busy by March 15
or Suffer Penalty.**

"Don't wait until the final due date, March 15, for paying your Income Tax and making your return. Avoid the last minute rush. Any person can figure out his liability today as well as he can next week, and if there is any point on which he needs advice he can now get in touch with a Revenue man."

This word of advice is from Justus Wardell, Collector of Internal Revenue, San Francisco, Cal., who is collecting the Income Tax in California. Collector Wardell is giving without charge every aid of his office and his enlarged field force to help the people get their payments and their returns in by March 15th.

But the Income Tax men will not pull your door-bell or your coat-tails, according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

Did You Earn This Much?

Every unmarried person who received income averaging \$19.25 a week during 1918 and every married couple who jointly received income averaging \$38.50 a week should secure at once from the nearest Deputy Collector or the nearest bank a blank Form 1040 A. That form contains the information he will need to enable him to figure his correct net income and any tax that he owes the government.

The law requires that every unmarried person who had a net income of \$1,000 or over and every married person whose net income was \$2,000 or over (including the income of husband or wife and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

Taxable Income.

An individual must include under gross income all gains, profits and income derived from salaries, wages or compensation for personal service of whatever kind and in whatever form paid or from professions, vocations, business, sales or dealings in property of all kinds, interest, rent, dividends or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses, interest paid or accrued on indebtedness, taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless and depreciation on buildings, machinery, fixtures, etc., used in business. A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

The taxpayer is not allowed to deduct any personal, living or family expense, any amount spent for improving property or any expense of restoring property or making good its exhaustion for which an allowance is claimed under depreciation.

Figuring the Tax.

Before figuring the normal tax the dividends are deducted as credits from net income, together with the personal exemption. As in previous years, dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first \$4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of \$5,000. The personal exemption and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding \$5,000, and the instructions on that form will show how to figure the surtax.

Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of \$1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector.

Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

CHILD ARTIST IN "HEARTS OF THE WORLD"

Children of the stage and motion picture are ever a constant wonder to grown-ups. The latest juvenile wonder to be seen on the screen is Master Ben Alexander, six-year-old son of Mr. and Mrs. Charles Alexander of Pasadena, Calif., who appears as The Littlest Brother in D. W. Griffith's "Hearts of the World" at the Royal Theatre, March 18 and 19.

This little fellow, so small that he appears almost a babe in arms, truly is a wonderful child actor. While "Hearts of the World" has been a tremendous triumph for Mr. Griffith, for the beautiful Lillian and Dorothy Gish, and for its managers, Messrs. Elliott, Comstock and Gest, surely when the final score is counted, all who have seen this remarkable production will give credit to little Ben as being wholly worthy of the Order of Merit and the War Cross for bravery.

This little chap accompanied Mr. Griffith and his company to France and to the battlefields, where, within actual range of the giant guns, he proved himself as brave as any of his older associates, acting his beautiful scenes often during bombardments by the Germans. In one scene especially this tiny youngster risked his precious life to help in securing a very vital situation in the story. In this scene, by a fortunate circumstance, little Ben was unharmed when buried under an avalanche of plaster and laths. When audiences look upon this scene and see the tiny actor buried under the wreckage, there is a catch at the heartstrings, for to many it appears as though he were caught in the awful holocaust. When the dirt is dug away and his little form moves the audience sighs with relief on seeing him blink through the dust and filth. And when he looks up and smiles, showing that he is unhurt, there is a general feeling of gratification.

All this and more is brought out so remarkably by little Ben that it is difficult to believe he is of such tender years. His emotional acting is equally unusual, and he never fails to bring tears to the eyes of the audi-

STRAY NEIGHBOR'S GOATS GET NEIGHBOR'S GOAT

A stray goat, a wooden club and a horsewhip figured Wednesday in a neighborhood quarrel between Mrs. Ida McHatton and George Hayes, both of Woodside, which led into Justice of the Peace Ray Griffin's court at Redwood City, where Mrs. McHatton charged Hayes with battery.

According to Mrs. McHatton, Hayes struck her with a club as the climax to a quarrel over her goats. This was vigorously denied by Hayes, who contended that he struck the woman in self-defense. He said stray goats from the McHatton goat farm have been causing him endless trouble, and, while he was chasing one of the goats off his property, Mrs. McHatton jumped on his back and began to pull his hair and beat him with her fists. He says he then was compelled to act in self-defense. Later, he said, Mrs. McHatton seized a whip from a wagon near by and belayed him with that.

The only witness to the affray was John Valpino, who was sitting in a buggy not far distant, but the evidence was so conflicting that Judge Griffin ordered the case dismissed with a warning to both parties not to quarrel any more.

★ **INCOME TAX PAYS** ★
★ **FOR PUBLIC BENEFITS.** ★
★ "Viewed in its largest and truest sense, the payment of taxes is payment for benefits received or expected. Only from a narrow and essentially selfish and shortsighted viewpoint can the individual propose to himself the evasion of tax liability as a desirable course of action."—★
★ Daniel C. Roper, Commissioner of Internal Revenue. ★

ence when, with his own little cheeks wet with the tears of sorrow, he bids farewell to his big brother who is going forth to fight for France and for liberty.

HIGH SCHOOL NOTES

(By Raymond Spangler.)

The newly formed Atalanta Club clashed on Monday evening with the Girls' High School team in a snappy game of basketball at the High School Auditorium. The Atalantas carried off the honors, defeating the students by a score of 32-10.

The Boys' Hi team battled with the South City Bears and evened the girls' defeat by cleaning up the Bears by a 22-17 score. Being ambitious for more glory, the Hi's then took on a pick-up team of "downtowners," but their ambition was stronger than their stamina and the pick-up team defeated them by a score too large for public mention.

Basketball is a regular event each Wednesday evening at the High School. The public is cordially invited to attend them.

The dance recently given by the High School student body was so successful that consideration is being given to having it repeated each month.

Plans for the annual High School hike are being made.

The domestic science class gave the seniors a breakfast Thursday morning. The seniors had "some feed."

SAN MATEO DOCTOR SUED.

John Witt has commenced an action in the superior court against Dr. Charles Keller of San Mateo to recover damages in the sum of \$700. The complaint alleges that on February 16, 1919, defendant ran into the plaintiff with an automobile, wrecking the latter's car. The collision occurred at Burlingame. Plaintiff alleges negligence on the part of defendant.

WILD YOUTH AT ROYAL THEATRE

J. STUART BLACKTON presents "Wild Youth"
A Paramount Picture

Cameraman Paul Perry has produced some of his very best work in J. Stuart Blackton-Paramount pictures in the newest, "Wild Youth," which is to be shown Tuesday evening at the Royal Theatre. Many of the exteriors are of rare beauty, while the appealing little Louise Huff, who always photographs extremely well, is at her winsome best. Other players in the all-star cast are Theodore Roberts, Jack Mulhall, James Neill and Adele Farrington.

The story, which is an adaptation

from Sir Gilbert Parker's novel of the same name, deals with the age-old call of youth to youth and the love of a young girl-wife for a neighbor, while her old husband—fully old enough to be her father—grows more and more cruel with his increasing jealousy. Matters seem inextricably tangled when a quick turn of fate leaves Louise a widow. For a while the young lover is accused of the murder of her husband, but Li Choo, a Chinese servant, confesses and the two youngsters are free to work out their happiness together.

GOV. LYNCH URGES WEST TO LAST BIG LOAN DRIVE

To the Citizens of the Twelfth Federal Reserve District:

The Fifth "Victory" Liberty Loan is in sight. Let us thank God that it is not just the Fifth Loan. Victory means the end of the war, the end of loans, the dawn of peace

JAMES K. LYNCH
Governor, 12th Federal Reserve District

and prosperity. It means that the market price of government bonds will soon stabilize at par or better. It also means that commercial, agricultural, and industrial affairs will stabilize, and that the Hun-inspired clamor will cease.

We were advised that the war would last through 1919, probably through 1920, so we were prepared for that; to have done less would have been suicide. We prepared to crush the Hun on his own ground, and he prudently quit. It cost us some money but it saved the lives of half a million of our men. Was money ever better spent?

Now we have bills to pay, promises to make good, our men to bring home. This will take from five to six billion dollars. Let us get ready and raise it. A big task, but the last, and therefore easy. All together, shoulder to shoulder, and the loan goes over!

The "Ninety-first" is the Pacific Coast Division; remember their achievement, and honor ourselves by living up to it.

JAMES K. LYNCH,
Governor, Federal Reserve Bank of San Francisco; Chairman, Liberty Loan General Executive Board, Twelfth Federal Reserve District.

Before the Fire

There's only one time to insure your property—
That's BEFORE the fire.
To-day is before the fire—
To-morrow may be AFTER it. You never can tell.

One of our liberal policies placed on your property to-day may mean business salvation for you before to-morrow's sun rises.

SAYS SHE SIMPLY 'CAN'T WEAR 'EM'

Girl's Long Masquerade Ends
and Experts Find
Her Sane.

WAS A "REGULAR GUY"

Clothed in Male Attire She Gets Job
on Illinois Farm and Whips About
Every Boy in the Vi-
cinity.

Chicago.—Residents of Dixon, Ill., will be surprised to know that that handsome young fellow who was quite the rage there a while back, who danced so nicely with the girls and was the pet of mothers, is a girl.

The sedate citizens of Serene, Ill., will be shocked to know that the young fellow who got a job on a farm near by and "whipped," one by one, about every boy in the vicinity is a girl.

Down in Ottawa it was much the same. Miss Anna Bahl's career as a boy started about two years ago when, at seventeen, she chopped off her long hair and put on boy's clothes.

Her first job was with the Western Union in Chicago, where she ran messages. She took the name of Jack Krieger and learned to shoot craps, play billiards, ball, dance with the girls and otherwise qualify as a "regular guy." She got along fine.

Seeks Varied Fields.

Finally, seeking new fields, she drifted to Ottawa, Ill. She worked on a farm for three weeks.

From there she went to Serene, where, she admits, she knocked the serenity out of things. Some of the boys objected to the popularity of the "new feller with the city ways."

Though she weighs only 117 pounds and is but five feet tall, she knocked their objections into a cocked hat. She had learned to scrap as an A. D. T.

Knocked Their Objections Into a
Cocked Hat.

messenger in Chicago. Next she showed up—still as a boy—at the Darlington hotel, 4700 North Racine avenue.

Here "Jack" got a job as bellhop and watcher of the telephone switchboard. Everybody liked "Jack," he was so quick and kind. "He" was still a "regular fellow." "His" technique with a cigarette was convincing. "He" could, if occasion arose, turn a neat little swear word.

Maybe It Was the Draft.

Up around Wilson avenue "he" shot a wicked cue ball or raked in the pot with the best when "he" made a pass. Well, these are technical times. Possibly it was the draft. Up at the Darlington, which was "his" Waterloo, they absolutely won't talk, they say.

"Have a heart," said the manager last night.

Anyway, very secretly, her case passed through the hands of Judge Mary Bartelme and the young lady, "Jack," went out to Elgin voluntarily. She was placed under observation. She rather hated it when they insisted on having her trousers and her cigarettes.

"Perfectly sane," was the verdict yesterday, the observation ended.

"But you must go out of here dressed as a girl," she was told. To this she replied:

"Honest, now. I just can't wear 'em."

PRETTY GIRL IN BAD TANGLE

Accused of Having Too Many Hus-
bands and Also of Poisoning
Her Grandfather.

Rome, Ga.—Pretty Mrs. Pearl Russell's affairs are in a decidedly tangled condition. Following a grand jury investigation of the poisoning of her grandfather, she is held pending action of the grand jury. Further investigation indicates she may be a bigamist. Her first husband enlisted and is in France. His name is Jerry Hughes. After his departure she married Chester Russell after a three days' acquaintance. They soon quarreled. Russell was first arrested in connection with the poisoning, but it is now believed he will be released.

REDWOOD DISTRICT

SOUTH SAN FRANCISCO

METHODIST PASTORS TO GET SALARY RAISE

Nashville (Tenn.), March 1.—Many Methodist ministers in every Southern and Western State who have been trying to exist on infinitesimal incomes during the past years will have their salaries raised within the next few months. This very practical and definite step is to be taken by the Methodist Episcopal Church, South, following the financial drive of that denomination in April. The drive, which has \$35,000,000 as its goal, has been undertaken with a view to putting the work of the church on a business basis, the raising of the salaries of its underpaid pastors being considered one of the first matters of importance.

There are 866 salaries now \$400 or less which will be raised to \$600; 485 salaries now \$400 and \$500 which will be raised to \$600; 500 salaries now \$600 and \$700 which will be raised to \$1000 a year; 637 salaries from \$700 to \$800 to be raised to \$1000, and 180 salaries ranging from \$800 to \$900 which will also be raised to \$1000. The supplementing of these salaries will require \$2,850,000 during the forthcoming five years, and the success of the Centenary drive will make their increase immediately possible.

Practically every city and town throughout the length and breadth of Southern Methodism will be affected, it is declared at the headquarters of the denomination in Nashville, and every Methodist man and woman who pulls to on the Centenary drive will be helping to make possible better and happier living conditions for the underpaid pastors in their midst.

FRIDAY, MARCH 7, 1919.

County Social Agencies

The rapid expansion of the work of the social service agencies in San Mateo county is exceedingly gratifying to all thinking persons in the community. The work of these organizations is of vital importance to the welfare of the county and the results of their work will be of greater benefit, both financial and social, than most people realize. Legislators and voters alike seldom hesitate to provide funds for the building of levees to prevent floods, for organizations to prevent forest fires, for the abatement of disease-carrying insects and similar preventive work; yet these same people hesitate and delay in appropriating funds for the greater and more beautiful work of preventing human decay. It is this work that the social agencies of the country are carrying on, and they should receive every encouragement in their work. The child of to-day is the man of to-morrow, and as its life is molded in youth, so will it become an asset or a liability on the state in the future.

That Homecoming

If our soldiers abroad were asked what they most desired, nine hundred and ninety-nine out of a thousand would shout, "Passage in a transport or airship to the United States, with a ticket from the port of entry home!"

That is the dominant note in the soldiers' letters from abroad. And you cannot be surprised. They went over to fight while the fighting was good, and now that the war is at an end, the American soldier for home and mother!

And if the same question were put to the people at home, the response would be, "Most of anything, I want my soldier boy home again."

Don't think that the government has overlooked these conditions. It is combing the highways and byways of the sea for transports to hurry the men home. It is sending them on American ships, Holland ships, Italian ships—whatever it can secure.

Remember that it took over a year to get the army into France, and that the British transports which carried much of it over are no longer available.

Patience, mothers and fathers and kinsfolk here in South San Francisco. It will not be long at the longest before Uncle Sam returns your good Tom or your nice Dick or your fine Harry, bigger and browner than when he left, and as overjoyed to reach home as you are to see him.

The Germans carried off from the manufacturing towns of Belgium all the engines and boilers and modern machinery that they could transport. They are evidently very fond of souvenirs.

Belgium on the other hand needs no souvenirs. There is no question but that she will remember Germany for centuries to come.

Senator Borah courteously declined to attend President Wilson's "at home" to the foreign affairs committees of Congress February 26. If Senator Borah should later decide to give a pink tea at the committee rooms, would it be incumbent upon the President to send regrets?

The era of fighting is over and the era of investigation is well begun. To prevent unemployment we would suggest that each soldier as he is discharged should be placed on an investigating committee.

Our army in France seems to have had much more courage than artillery and a much larger stock of moral strength than of aeroplanes.

No one can be in two places at once. Congressman-elect Berger of Wisconsin fully expected to spend some time in Congress. But an important engagement for twenty years at Fort Leavenworth is likely to prevent.

If the present irruption of Bolshevik marksmen continues, becoming a prime minister in Europe will be equivalent to taking out a burial permit.

The bullet fired at Clemenceau not only struck him but the peace conference as well.

"No beer, no work," buttons are in evidence. How conditions change! the old rule was "no work, no beer."

Germany in the aggregate to-day consists of nothing but debts. And this is not reckoning its debt to mankind in general.

Premier Clemenceau, receiving the inter-allied women, said that "when people once came to an agreement they had better part." The converse, i. e., that people who differ should remain together until they come to an agreement, is only applied in the case of juries.

Alcohol is weakened, tobacco is going up in smoke, but coffee still holds its grounds.

If any one asks you what is going on, tell him that taxes are going up, prices are going down, the country is going dry, Congress is going home, the President is going back, business is going to pay, and we're all going to be happy.

On account of her services as a surgeon in the Civil War, Congress passed a bill permitting the late Dr. Mary Walker to dress in male attire.

It would be well if Congress in these days should pass another bill of the same nature requiring the conscientious objectors to wear feminine garb.

The Prohibitionists showed their fighting spirit in fighting spirits.

6 GRAND AVENUE

Ye Idle Chatter

By B. V. D.

(With Apologies to K. C. B.)

With Board of Trustees

On Tuesday last

I saw how squalid

Homes could be

Where people lived

In dirt and ignorance.

I pitied them

And thought, perhaps,

They never knew

Of other life

Than filthy yards,

Or stagnant pools;

Or that their labors

Were so hard

No time had they

For beautifying ground.

Our steps then led us

Over unpaved street

Which looked as bad

As all the rest,

Until Fred Cunningham

Swung open wide

A grilled-top gate

And showed to me

A riot of plants;

And cleanly children

Clung to the skirt

Of a happy mother

Whose home was humble

But spotless clean.

The owner has

No more spare time

Than other neighbors

Near to him;

Still he has made

A garden there

That millionaire

Could view with pride.

And so some day

I want to call

And shake the hand

Of Ulrich Gantenblien,

Hard-working butcher,

With gardener's soul,

Who has planted there

That beauty spot.

I THANK YOU.

Woman's World and Social

Two-Color Blouses of Georgette Crepe

The blouse of georgette crepe needs no one to sing its praises. This exquisite fabric is a permanent acquisition, and has made a place in the esteem of women that it will be difficult to usurp. But we are grateful to the blouse makers who have turned their talents to designing new styles, in which two colors, instead of one, are used. This color combination leads up to new trimming ideas and lends an added interest to incoming styles in spring blouses.

Along with the two-color blouses comes thread embroidery, more strongly featured this season than ever. In the picture above a blouse of light and dark georgette is shown, with light and dark heavy embroidery silk making a rich decoration for it, in an embroidery that is quickly done and is not heavy. Any two colors that harmonize may be used in these two-color blouses. Favorite combinations are beige and navy, cerise and navy, coral and ivory, black and white, gray and rose, purple and champagne, American Beauty and navy, or cherry

and navy, the last being the Victory colors.

The blouse pictured is in the slip-over style, but it fastens on the shoulder. A panel of the dark georgette at the back and front is split into two panels at its lower half and serves as a background for the thread embroidery. The sleeves have deep cuffs of the dark georgette and a flare at the bottom finished with a band of the dark crepe. A pretty finish for the round neck is made by twisting the light and dark embroidery silk together in a rope of which loops and ends are made and placed at the front of the neck.

It will be noticed that the belt of the skirt worn with this blouse sets below the normal waistline and is fitted about the figure. This gives a new long waist which appears to be making headway as a feature of spring styles.

Julia Bottomley

"The war will not be over until the United States Government has honorably met every commitment made in order to win the war."—Carter Glass, Secretary of the Treasury.

It appears that on the days he is not killed or wounded or arrested or something else, Trotsky is putting Lenin in jail and sending out a few more millions in gold to corrupt an incorruptible world.

PUBLIC WELFARE WORK

Under this heading The Enterprise will publish weekly articles furnished by the San Mateo Conference of Social Agencies, dealing with public welfare work.

A meeting of unusual public interest will be held Thursday evening, March 20, at the home of Mrs. J. B. Casserly in Hillsborough, when Professor Edward Krehbiel of Stanford University and Dr. Aurelia Reinhart, the well-known writer, will speak under the auspices of the San Mateo County Conference of Social Agencies. The public is cordially invited to attend this meeting and to take advantage of the opportunity thus afforded to hear both these speakers discuss the new social viewpoint.

Dr. Krehbiel will speak particularly on the State Conference of Social Agencies, which is to be held at San Jose, April 22 to 25, and Dr. Reinhart will discuss important aspects of social welfare work.

CHRISTIAN SCIENCE SOCIETY SERVICES

The Christian Science Society of South San Francisco will hold services Sunday morning at 11 o'clock, Sunday school at 9:45 a. m. and testimonial services Wednesday evening at 8 o'clock in Fraternal Hall, Grand avenue, near Maple. Subject of lesson sermon, "Man." Attendance of the public is invited.

LADIES' AID WILL MEET AT HOME OF MRS. SCOTT

A Ladies' Aid social, to which all members of the Ladies' Aid Society of the M. E. Church and their friends are invited, will be given by Mrs. A. P. Scott at her Grand avenue home on Wednesday afternoon next at 2 o'clock.

PARENT-TEACHER CLUBS FAVOR LEAGUE OF NATIONS

The San Mateo County Federation of Parent-Teacher Clubs went on record at a recent meeting as favoring a League of Nations when a resolution endorsing the movement was unanimously passed to that effect, copies of which are to be sent the representatives of this district in Congress. The women also held a discussion pertaining to the attitude of Senator Phelan on the suffrage question, having noted his absence from the Senate the day the question was recently voted upon, and the secretary of the federation was instructed to write to him stating that when the matter comes up again in the Senate he will not only be present, but that as a representative of California, a State in which suffrage has demonstrated itself to be a practical success, that he will both vote for and support the bill.

A number of the bills now before the State Legislature relating to the betterment of childhood and women were talked of, and the president, Mrs. C. H. Godfrey, asked that each club would take the question up and send letters to both State Senator Johnson and Assemblyman Ekswold, asking them to support the bills mentioned.

The foolish virgins who spend nine-tenths of their time in learning to decorate china would do well to remember that a young man in search of a good wife is more likely to tie to a girl who knows how to decorate her china with a good square meal, well cooked and daintily served.

Why is it a careless seven-year-old kid can drop a half-burned match in an alley and burn up all the barns in a block, while an able-bodied man has to use up a whole box of matches to get a wood fire started in a heater that has enough draft to draw all the furniture up the stove pipe?

ACTIVITIES OF WOMEN.

Clarendon, Va., boasts of being the birthplace of the first women's fire department.

The increase in the number of women wage earners in the United States during the war amounted to about 10 per cent.

There are over 90,000 women employed in the various newspaper offices in the United States.

More divorces are granted in the State of Washington, according to the population, than in any other State in the Union.

Women factory workers in thirteen counties in Pennsylvania number over 44,000, as compared with 29,000 in 1917.

Miss Millicent Martin of Chicago, a telephone girl with the American army of occupation in the Rhine valley, enjoys the distinction of being the first American girl to dance with the Prince of Wales. She met him at a ball given in Coblenz by the American officers' club.

Miss Mary Keene has been engaged by Mrs. Maddern Fiske to act as manager of her latest stage production, entitled "Miss Nelly of N'Orleans."

Over 21,000,000 women were eligible to vote in the recent election held in Germany. Their being able to vote is claimed to be responsible for the increased strength shown by the Socialist party, whose votes showed a gain of over 310 per cent.

Verily, there is a use for everything. Noting that no vegetation grows around Owens Lake, California, because of the chemicals contained in the water, the Southern Pacific Railroad has hit upon the scheme of filling oil cars with the lake water and sprinkling it along the right of way on the San Joaquin division, thereby effectually and inexpensively killing the weeds which are the bugbear of the maintenance expert.

SAN MATEO AVIATOR HAS NARROW ESCAPE

LIEUTENANT F. A. ROBINSON
MAKES SAFE LANDING IN
BROKEN AEROPLANE.

Lieutenant F. A. Robinson, son of Mrs. A. R. Robinson, 233 Griffith avenue, San Mateo, who has made such an enviable record for himself since his entry into the aviation department of the service, had a narrow escape from death last week at March Field, near San Diego.

In ascending, Lieutenant F. A. Robinson lost a wheel from his airplane and did not know it. During the next sixty minutes repeated efforts were made to warn the lieutenant so that he might escape a serious accident when landing. Just before the ship was pointed groundward, Lieutenant T. C. Hoyt and Captain Harry Horton, in another plane, caught his attention by frantic maneuvers, and as a result he made a perfect landing.

Before Lieutenant Robinson learned of the accident he was followed in the air for forty minutes by a plane piloted by Lieutenant Hoyt.

When Robinson at last made his landing it was witnessed by the entire personnel of the field and an ambulance was drawn up, ready for an emergency.

It was just as Lieutenant Robinson was taking the air that the right wheel of his plane dropped off. The ground men immediately noticed this and shouted and gesticulated to the young officer, but were unable to attract his attention.

Realizing that if he landed, not knowing that his ship was short a wheel, there would be a dangerous wreck, flying officers ordered that everything be done to warn Robinson. Red flags were waved, and men ran up and down the field shouting and dancing in order to attract his attention, but to no avail.

Patronize our advertisers. You will get good service and fair treatment.

The lieutenant had taken the ship for an inspection trip and was putting it through dangerous stunts. He ascended to an altitude of 8000 feet, and was going through all sorts of hair-raising performances. Below practically every officer and man at March Field was watching him.

Seeing that it was impossible to warn Lieutenant Robinson in any other way, Captain Horton and Lieutenant Hoyt took to the air in a fast plane. Captain Horton in the rear seat carried an airplane wheel. Swiftly ascending, the officers' plane circled round and round the machine piloted by Lieutenant Robinson, it being impossible to call to him through the roar of the engines. When he saw the wheel, Lieutenant Robinson immediately perceived the trouble.

A few minutes later he headed his great plane for the ground, while the ambulance men stood ready and waiting and the rest of the men watched breathlessly, not knowing what was going to happen.

Exercising skill of the highest order, Lieutenant Robinson brought the ship gently to earth, and, when it finally touched the ground, balanced it on the remaining wheel as nicely and properly as though it were a gyroscope. Flying officers declared the landing one of the most clever made on the field, and complimented Lieutenant Robinson on his coolness and nerve in the trying position.

Lieutenant Robinson was in San Mateo a few weeks ago visiting his mother, and was greeted by a wide circle of former school friends. He expressed himself at that time, while enjoying his furlough, as longing for the flights in the air. Lieutenant Robinson was born with the desire to fly, and in his early boyhood spent most of his spare time rigging up a miniature machine. He is planning to remain in aviation work, and says that while he realizes he is in constant danger, it means living the fullness of life to him, and he believes that there is a big future for the airplane in civil as well as army circles.

REPORT OF BLIND PIGS SENT MAYOR

EDWIN GRANT FILES CHARGES
AGAINST SAN MATEO ESTABLISHMENTS.

Charges that "blind pigs" are operating in San Mateo in violation of the city ordinance adopted by a vote of the people and specific instances of alleged violations of the law, are contained in a written report sent to Mayor William J. Eva of San Mateo by former State Senator Edwin E. Grant, executive secretary of the State Law Enforcement and Protective League.

Grant, who has been making vice crusades in various parts of the State, declares in his report that in certain places in San Mateo "a veritable carnival of liquor law violation goes on." He says he conducted the investigation there at the request of patriotic citizens, and offers to place at the disposal of the San Mateo city authorities a mass of evidence to substantiate every material allegation contained in his letter to the mayor.

Among the places mentioned in Grant's report as places where liquor has been sold are:

The Union Hotel, Ben Ceschi, proprietor.

Bohemia Bar, Peter Thorsen, proprietor.

Vendome Hotel, Bart Sheehan, proprietor.

A place in Chinatown, not definitely designated.

91ST DIVISION RECEIVES HOMEWARD-BOUND ORDERS

Word has been received here from Joe Beltrami, who is serving with the Ninety-first Division, American Army of Occupation in Germany, that they have received orders to leave for a French port of embarkation for the United States.

There are a number of South San Francisco boys in this division, and it is probable that they have already left foreign shores for the United States.

P. G. & E. EMPLOYEES HAVE A MERRY TIME

MUSIC, DANCE AND SONG AT
GATHERING OF PACIFIC SERVICE ASSOCIATION.

The Pacific Service Employees' Association, an organization composed exclusively of employees of the Pacific Gas and Electric Company, both men and women, held its first meeting of the season on Tuesday evening, February 11, at Elks' Hall, San Francisco, nearly six hundred members and their friends being present.

Meetings of the association are held twice during the month, one meeting in Oakland and one in San Francisco, at which a diversity of entertainment is offered. The various branches of the entertainment feature of the meetings have been gathered under one head, the program committee, of which R. E. Fisher is chairman. Working with Mr. Fisher are subcommittees taking care of the different sections of the programs, namely, the entertainment, speakers and technical sections.

For the meeting of February 11 a program of unusual merit was given. The Bohemian Jazz Quartet sang several selections and Bayard Robley of the University of California Extension Division delighted the audience with some well-rendered recitations and impersonations. The newly formed dramatic section of the association then presented "The Ninety Thousand Girl," the first of an announced series of five plays to be produced during the present season. The cast of characters included the Misses Estella Braesch, Zita O'Connor, Effie Brandt

and Messrs. F. S. Myrtle, Philip Carson and R. E. Fisher, all members of the association. Frank Mathieu, the well-known producer of amateur theatricals, has been retained to stage the various plays scheduled, and the success of this initial performance is an indication of the talent within the association membership.

F. R. George, the newly elected chairman of the association, and his officers have planned a great many things for the present year. Besides the committees mentioned above, there are various others working along all lines of activity, each committee headed by a competent chairman. These include athletics, membership, women's affairs, inter-district relations, close contact with the boys in the service and permanent headquarters, besides those on membership, reception, attendance, etc.

The committee on women's affairs has just completed arrangements whereby a class membership is given to the women of the association in the Y. W. C. A., which entitles them to the use of the gymnasium and swimming pool one night a week under the direction of an instructor. Lunch and rest rooms for the women employed in the Alameda county district were recently completed at the company's headquarters in Oakland. These rooms were equipped and furnished entirely out of the funds of the association, which, likewise, some time ago furnished up a rest room for the women employees at San Francisco headquarters.

Each meeting terminates with a dance, the music being furnished by the "Pacific Service" orchestra, and besides the monthly meetings the association holds an annual dinner, picnic and dance each year, and several out-of-town meetings in the different interior districts.

News of the County

FRACTURES LEG.

R. G. Corliss, 196½ Valley street, San Francisco, is in the Red Cross Hospital in San Mateo suffering with a compound fracture of the right leg, as the result of an accident on the State highway in Burlingame late Tuesday night.

Corliss was riding his motorcycle and, according to witnesses, collided with the rear of the car of Linval Castle, manager of the San Mateo branch of the Bank of Italy. He was thrown heavily to the pavement and sustained the fracture. Castle took the man to the hospital.

BOND ISSUE AT REDWOOD.

A proposed bond issue of about \$50,000 for a new central fire station, several bridges, a new outfall sewer, the improvement of Center street and other improvements, will probably be submitted to the people of Redwood City during April or May. Such was the information received, following a meeting of the Redwood City Trustees on Monday night, when the proposed bond issue was given further consideration.

MOTORMAN BLAMED.

A coroner's jury in Daly City found the motorman of the car that Sunday struck and killed Jack Bernheim, 16, of 1016 Eddy street, San Francisco, to blame for the boy's death. The verdict was death "by accident due to great speed of car and failure of motorman in giving warning before going around curve." The motorman, C. L. Gordon, charged with manslaughter, gave no testimony.

Mrs. G. Gouin of Colma, C. C. Curie, 1716 Steiner street, San Francisco, and Joseph McGuinness, Bernheim's chum, testified as witnesses to the accident. The inquest was conducted by Coroner W. A. Brooke.

COUNTY SUPERVISORS PASS DOG ORDINANCE

An ordinance prohibiting the keeping of more than two dogs at any place in San Mateo county within one-half mile of another dwelling without a permit from the Board of Supervisors, was adopted by the county fathers on Monday.

The ordinance will not apply to incorporated cities, but will cover all other parts of the county. Among the kennels which come under the provisions of the new ordinance are those of W. W. Stettheimer of Atherton, the Browndale Kennels of Redwood City and the Moss Beach Kennels. Any person living in unincorporated territory who wants to keep more than two dogs will now be compelled to get a permit from the board.

JUDGE BUCK WILL CLOSE COURT ST. PATRICK'S DAY

Attorney F. B. Tuttle of San Francisco arose in the superior court at Redwood City Tuesday and asked Judge Buck to set the case of H. Higuera vs. N. M. Martin for trial on Monday, March 17.

"But that is St. Patrick's Day and there will be no cases tried in this court that day," said the judge.

"Is the court serious?" asked Attorney Tuttle.

"Yes, the court means what it says," replied Judge Buck. "I do not want any cases that day, as I may wish to attend some of the St. Patrick's Day exercises."

The court then agreed with the attorneys to set the case for trial on March 21.

The supervisors will hold a meeting on March 17, when they will hold a conference with the advisory committee on the county hospital site.

HOTEL NOT SOLD.

A report that a sale of the Peninsula Hotel property had been consummated was denied Wednesday morning by A. S. Baldwin of Baldwin & Howells, who declared that no deal in regard to the hotel has been closed.

P. T. Brunsing and Dr. Charles Keller of San Mateo and a number of associates have an option to purchase the hotel property for \$150,000, the option expiring on June 30. It is understood they are trying to interest capital in buying the property for a nerve rest sanitarium.

LIBRARIAN UNDER FIRE.

In accordance with a request made by Supervisor John MacBain at a previous meeting, District Attorney Swart rendered an opinion to the board on Monday on the right of the county librarian, Miss Anna Bell Bailey, to establish branch libraries without the sanction of the board. The opinion of the District Attorney stated that the county librarian could establish branches "with the approval of the proper authorities."

"Well, that's just what I want to know," said Chairman MacBain. "Who are the 'proper authorities'?"

District Attorney Swart said he believed when the law referred to the "proper authorities" it referred to the supervisors.

SEELY TESTIFIES.

George E. Seely, formerly Justice of the Peace at Redwood City, was one of those who testified in favor of Chief of Police Chester Noble of Palo Alto at a further hearing held by the board of public safety of the college town Monday night, into the charges brought against Chief Noble by an investigating committee several weeks ago.

WOODSIDE BOY IS LISTED

The name of Arthur Mathieson of Woodside appears among the casualty list published by the War Department last Friday as being slightly wounded. Mathieson, who is the son of Peter Mathieson, was a member of the famous Ninety-first Division that saw such strenuous service on the French front and did so much to help drive back the Germans. He was a member of the first San Mateo county contingent to be sent to Camp Lewis. It is believed that he received his injuries at the battle of the Argonne Forest.

FATHER OF ATTORNEY GREEN PASSES AWAY IN S. F., AGE 60

Attorney Milton J. Green, formerly United States referee in bankruptcy in San Francisco and for many years a well-known resident of San Mateo, passed away in San Francisco last week. Green was born in Oroville, Calif., and was 60 years of age. In his youth he was associated with the late Senator George W. Perkins in the management of the latter's mercantile store in Oroville. He afterward studied law and was admitted to the bar.

Kenneth M. Green, the attorney, who recently returned from France, where he had been engaged in Red Cross work at the front, is the eldest son of the deceased.

MARRIAGE LICENSES.

The following marriage licenses were issued in the office of County Clerk Elizabeth M. Nash during the past week:

Simon Kramer, 36, and Mary Kasanovitz, 27, both of San Francisco.

Joseph Van Collen, 24, and Lillian Sampson, 22, both of San Francisco.

Le Roy Walker, 22, Camp Fremont, and Lucille Mercer, Redwood City.

George H. Paddock, 46, and Daisy A. Springall, 27, both of San Francisco.

James E. Taylor, 29, and Thelma Cox, 23, both of San Francisco.

MAY SELECT SITE FOR COUNTY HOSPITAL

A site for the proposed new county hospital may be selected on Monday, March 17, when the supervisors will meet with the advisory committee of citizens to consider the many sites offered to the board. At the meeting of the supervisors on Monday, Supervisor C. V. Thompson expressed himself in favor of the present site of the county farm and hospital as the best place for the erection of a new hospital. The other members did not express their opinions.

The members of the citizens' committee appointed by the supervisors to advise with them on the selection of a site are W. H. Coffinberry of this city, the Rev. Walter H. Cambridge of San Mateo and Horace Nelson of Purissima.

When a woman wants to get rid of her husband for an hour, she sends him upstairs to get something from the pocket of her dress.

SWIFTS SHIPPED 1000

CARS BEEF IN WEEK

In the year ending November 1, Swift & Co. shipped 760,000,000 pounds of meat and meat products to the American army and navy and to the allied armies and civil populations, according to the company's year book of recent issue.

"Swift & Co. has shipped as many as 1000 carloads for our army at home and for overseas shipment in a single week during the last year," the publication says.

The book describes the rush shipments to Europe under the direction of the United States Food Administration.

"The packing industry was able to adapt itself to war-time demands perhaps more quickly than any other industry," the book says.

The book contains a statement of Swift & Co.'s position in regard to the Federal investigation of packers.

We Can RESHAPE YOUR SUIT

A baggy, misshapen suit is an offense to good taste, and its wearer is at a disadvantage. Keep your clothes up to the standard.

CLEANING AND PRESSING

When we press your suit it takes on the look of a new one. And its usefulness is prolonged.

SAN BRUNO NOTES

The illustrated lecture given at the M. E. Church Wednesday evening was interesting and instructive. The pictures, which were scenes in China, were very fine. The next lecture in the series will be on India, given next Friday evening, March 14. These lectures are a part of the program of the great Centenary movement now on in the M. E. Church in this and other countries of the world.

L. C. Rice of Lomita Park left Wednesday for Sacramento on a business trip and expects to return Saturday.

Sunday services at the M. E. Church will be as usual. Sunday school at 10 a. m. Church services at 11 o'clock. Evening services will be resumed, commencing at 7:45 o'clock.

The meeting for organizing a Parent-Teachers' Association has been set for Tuesday, March 11, at the Edgemont School, at which time officers will be elected and the organization of the society will be effected. There are many problems which closely connect the home and school which should be discussed between parent and teacher, and which will be of benefit to our school system. All parents are invited to attend these meetings.

Mesdames F. H. Smith, H. Grady, Wm. Holliday, A. Laumeister and Liddle were guests at luncheon of Mrs. Doyle, a former resident of San Bruno, now in San Francisco, Wednesday. Mrs. Doyle's son, Stanley, is still in France, engaged in government photography in aviation.

Willie, the four-year-old son of S. Mackey of Belle Air Park, had his tonsils removed Wednesday at the Red Cross Hospital.

Horace A. Bewley has been called to Pennsylvania by the severe illness of his father. Mr. Bewley left Tuesday and will be gone about a month.

A very enjoyable surprise was given to Mrs. A. Coryell on Monday night by a number of her friends. The evening was pleasantly passed with music and fine refreshments were served.

Robert Sehe and wife, formerly of Belle Air Park, now living in San Francisco, are mourning the loss of their little seven-months-old infant of pneumonia.

Mr. and Mrs. L. Burnett of Fifth Addition are the proud possessors of a fine baby girl, weighing 8½ pounds, which arrived Wednesday.

Mrs. H. Spaulding has been appointed temporary president of the Parent-Teachers' Association of San Bruno. The San Bruno local body will affiliate with the San Mateo County Federation of Parent-Teachers.

BOYS FIND WALLET.

Carol Cody and Gerald Stewart, San Mateo Union High School students, on Monday found a wallet containing Liberty bonds, checks, currency and a number of valuable papers, one of the checks being drawn for \$1200. They turned the wallet, which bore the man of a San Francisco man, over to W. L. Glascock, principal of the high school.

BOY SCOUT HEADS ARE NAMED FOR THIS YEAR

President Jesse W. Lilienthal of the San Francisco Council of the Boy Scouts of America has appointed the executive committee for the coming year. Among its members are William H. Crocker, John A. Britton, B. B. de Groot and M. H. de Young.

TAKES POSITION WITH DOLAN WRECKING COMPANY

Miss Cecelia Carleton, former deputy in the office of the County Recorder and lately employed as clerk by the local exemption board, has accepted a temporary position as secretary of the Dolan Wrecking Company at Camp Fremont.

LOCAL HAPPENINGS TOLD IN BRIEF

Mrs. Marie Richards and Miss Este Coffinberry, who spent the winter in South San Francisco, returned on Wednesday to Gettysburg, Pa.

Mrs. Coleberd entertained the sewing circle of the Methodist Church last Saturday, in preparation for the bazaar to be held in the fall.

L. Bortoli spent the week-end in San Francisco.

Rico Columbo has purchased a new motorcycle.

Born—On Monday, to the wife of Fred Menzie, a baby girl.

Miss Eva Kavanaugh, who is taking a course in nursing at St. Mary's Hospital, San Francisco, spent Wednesday at her home.

Miss Olga Bortoli visited friends in San Francisco Tuesday.

Word has been received here by Mr. and Mrs. Hyland that a baby boy was born to the wife of their son, Martin, on March 2 at their Berkeley home.

Miss Grace Martin sailed for Honolulu on March 4.

GOLDEN EAGLE HOTEL INSTALLS ORCHESTRION

With the installation of a large orchestration in its commodious lobby, the Golden Eagle Hotel has made another step in its policy of keeping the patrons contented and happy.

S. Gianella, proprietor of the hotel, declares that no expense will be spared to make the hotel comfortable and homelike for the men who make it their home, it being the plan of the proprietor to cater to permanent guests.

The orchestration installed is valued at \$2500. It is not an automatic piano in any sense of the word, but an automatic band with a wide variety of instrumental musical attachments. Gianella will also open a soft drink bar and make other improvements to make the place more attractive. The dining room of the hotel is open to the public, and Gianella has already served many dinners to private parties from South San Francisco.

EARL EIKERENKOTTER GIVEN HIGH HONORS BY Y. M. C. A.

Earl Eikerenkotter of Redwood City, who has been at Fort D. A. Russell, Wyoming, acting as social and athletic instructor for the Y. M. C. A., has just been promoted to the position of camp secretary for the organization. The position virtually makes him general manager of the Y. M. C. A. activities at Fort D. A. Russell. Before going to Wyoming, Eikerenkotter was engaged in Y. M. C. A. work at Camp Fremont. Mrs. Eikerenkotter, who suffered a stroke of paralysis at the home of her parents in Mill Valley several weeks ago, has almost fully recovered and expects to join her husband some time during the coming month.

Earl Eikerenkotter is a nephew of Julie Eikerenkotter of this city.

EAGLES' DANCING PARTY IS A HUGE SUCCESS

The renewal of the Eagles' Tuesday evening dancing parties was joyously hailed by members and invited guests who gathered in Fraternal Hall on Tuesday evening last. If a vote had been taken by those who attended, the balloting would have been unanimous for the affair being a complete success. Good music, good management, good refreshments, all combined to add to the pleasures of the evening of dancing.

The Eagles will make this Tuesday evening dancing party a permanent feature of their social work. The next dance which they will give is to be announced immediately after the close of Lent.

It is said that crematoria in Japan are going night and day, so brisk is the business of cremation. They must have population there to burn.

MEN'S WORK CLOTHES

For clothes that will stand the hardest wear, the common sense kind that are good honest quality all through--give us a trial. Our line of overalls and work shirts are giving unusual satisfaction and the prices are very reasonable.

APPORTIONMENT OF SCHOOL FUNDS MADE

REPORT OF WILL C. WOOD SHOWS AMOUNT ALLOWED SCHOOLS OF COUNTY.

Will C. Wood, the new State Superintendent of Public Instruction, has just issued a report showing the second semi-annual apportionment of State school funds.

The State apportionment for elementary schools gives San Mateo county the sum of \$35,362.50. This apportionment is based on an average daily attendance on June 30, 1918, of 4715.

The apportionment of State aid to high schools gives the schools of San Mateo county the following amounts:

School—	Attend.	Appor.
Halfmoon Bay	43	\$ 621.28
San Mateo	275	1,600.32
San Mateo Evening...	37	595.96
Sequoia (Rdwd. City)...	117	933.56
South San Francisco..	46	633.94
Total	518	\$4,385.06

REV. DANIEL STEVENS IS RETURNED TO M. E. CHURCH

The Rev. Daniel Stevens has been returned to South San Francisco, where he will resume his charge as pastor of St. Paul's M. E. Church. The young clergyman resigned his religious work to enlist in the United States Marine Corps. He has been stationed at Mare Island since his enlistment.

VOLONTE GIVES BOX PARTY.

Art Volonte gave a box party on Wednesday evening, inviting five friends to attend the Meehan-Langford fight. His guests were Al Maderas, Tom Prior, John Jose, Joe Kent and Joe Fischer.

FRANK ROBINSON LANDS.

Word has been received here by his family that Frank Robinson has landed safely at a Virginia port. His homecoming is shortly expected and his folks are joyously looking to the day of his arrival in South San Francisco.

INJURED FIREMAN REMOVED.

Walter Both, fireman of the Southern Pacific freight train which was wrecked at Baden, was transferred from the South San Francisco Hospital to the Southern Pacific Hospital at San Francisco on Saturday last.

NUPTIALS.

Delino Venturini and Mrs. Clementina Baldi, both of this city, were married in San Francisco, on Saturday last.

If you wish to send a letter in a hurry, write "in haste" on the envelope. The postmaster and clerks will then fall over each other in their haste to get it in the mail first, then the postal clerk will yell to the engineer: "Pull her wide open, here's a letter in a rush." And the train will just fly."

EKSWARD FATHERS IMPORTANT BILLS

VALUABLE LEGISLATION INTRODUCED BY DISTRICT ASSEMBLYMAN.

Assemblyman Frank L. Eksward has introduced some important bills in the Legislature. Among the bills he has fathered are the following:

To increase the terms of city clerks and treasurers from two years to four.

Giving State banks power to accept larger sums of city and county funds.

Fixing salaries of justices of the peace and constables.

A bill dealing with the Hunters Point project.

Making the pay of jurors \$3 per day with mileage.

Dealing with the pay of county officers in this county.

Creating a State market commission.

Relating to franchises issued to stage and auto passenger lines by the State Railroad Commission.

NEW YORKERS INVADE STATE TO BUY UP ALL CHAMPAGNE; \$100 A BOTTLE PREDICTION

Champagne to-day \$100 a case—tomorrow \$100 a bottle.

Two mysterious strangers are reported to be offering \$100 a case for all the champagne they can buy in California. New York dealers say the retail price in New York after June 30 will be \$100 a bottle.

Connoisseurs are incensed over the appearance of the two wine buyers, said to be from New York, believing that they mean to take the State supply back with them to the Eastern metropolis where the price already is soaring.

It is reported that there are but 800 cases of imported champagne in San Francisco. When that is gone there will be no more. A few bon vivants who still indulge occasionally in a bottle of bubbles are opposed to having any of this supply taken out of the city. They say it will all be consumed long before the country goes dry and at prices which, if not \$100 a bottle, should give the most avaricious dealer a satisfactory profit.

Imported champagne to-day is a comparatively cheap beverage, notwithstanding the reported shortage of supply. Champagne at \$12 a quart has not risen commensurate with whisky. Bottled beer of the old 5 per cent variety has shown a greater advance in proportion to its value.

Old railroad men will be interested to learn that "Pay Car Curve" on the Southern Pacific's Tucson division has been re-aligned so that it no longer presents the difficulties that brought gray hair to many officials. The curve was one of ten degrees on a 1.4 per cent descending grade, followed by other heavy curves. It got its name from the fact that a pay car with \$60,000 turned over there in 1848, carrying with it the guard car and killing several men. Two other serious accidents occurred at the same spot. All trains are under slow orders at that point. The new line change eliminates all curves over five degrees and was made at a cost of over \$60,000.

SOUTH SAN FRANCISCO WILL GROW

BY LEAPS AND BOUNDS

Now that we have won our rate case you can look for a tremendous growth in South San Francisco.

Many new factories are already seeking sites.

Our population will double in the next few years.

Do you want to take advantage of this opportunity and participate in the profits?

The time to buy is RIGHT NOW, as you can secure centrally located property while the prices are within your reach.

REMEMBER, ONE GOOD INVESTMENT IS WORTH A LIFETIME OF LABOR.
